

Bombardier Transportation Consulting (Shanghai) Co., Ltd

Who we are

- In March 2004 the BTMC (Bombardier Transportation Management Committee) took the decision to establish the International Procurement Office(IPO) in China as part of the global sourcing activities
- The IPO is part of the Group Procurement function and Asia Pacific Region
- The IPO acts as a service provider to Bombardier Regions, Divisions and Projects

Basic Information

Office total area: 1151.86 m²

Mission

- To govern Global Sourcing in China and Asia (Targeting, Reporting, Processes)
- To identify, evaluate and approve suppliers suitable for long-term relationships which give BT a cost advantage
- To lead the suppliers and BT Projects through RFQ, PO Placement, Parts Approval into Series Delivery
- To develop the supply base and get BT's working practices, quality requirements and system implemented at all suppliers
- To continuously develop innovation and identify new suppliers in China and Asia Pacific

Core Competencies

- Procurement
- Quality
- Project management
- Engineering
- Contract management
- Logistics management

Other Supporting activities:

- Legal and investment support
